The Great Adventure is a Catholic Bible learning system that makes the complex simple by teaching the story (the narrative) of the Bible. Jeff Cavins developed *The Great Adventure* in 1984 when he realized that most people, despite their strong faith, did not grasp the *big picture* of the Bible. Though they knew selected stories, they were not able to connect them into a full narrative. His answer was to identify the books of the Bible that tell the story from beginning to end. *By reading just these 14 “narrative” books a chronological story emerges.* From this idea grew the immensely popular *Bible Timeline* program, which teaches the story in a way that is easy to remember, and gives the average Catholic a solid foundation for a lifetime of Bible reading. Parishes around the world are finding renewed faith and increased involvement among parishioners whose lives have been changed by this exciting study series. Come to this *Quick Journey* and see whether it might be right for you and your parish!
