Dear Customer,

We appreciate the opportunity to serve your online needs. The domain name(s) listed below has been successfully transferred to your Network Solution® account.

Account Number: 35365788  
Account Holder:  
Primary Contact: Larry Ford

Domain Name(s):	Transfer Price

To protect your domain name registration from unauthorized or fraudulent transfers, every domain name registered with Network Solutions® includes our free Domain Transfer Lock service. This feature blocks domain name transfers until you, or your designated contact, turns the feature "off". This step allows you to control the "transferability" of your domain names, and provides protection against "domain hijackers." Please note that if you choose to turn Domain Transfer Lock "off" at any time, your domain name will be at greater risk of being fraudulently transferred.

To edit Domain Transfer Lock at any time...

1. Log in to Account Manager at: <https://www.networksolutions.com/manage-it/index.jsp>.  
If you've forgotten your log-in information, please visit:  
<https://www.networksolutions.com/manage-it/forget-login.jsp>.
2. Click on "My Domain Names" in the "My Products & Services" tab.
3. Select a domain name and click to turn "Domain Transfer Lock" on or off.
